ST MUNGO'S CLUSTER PE PROGRAMME

Our PE curriculum aims to get all pupils active in a safe and fun environment. We want to inspire pupils to have a love for physical activity.

All pupils will take part in a variety of different activities covering the significant aspects of learning in PE: physical competencies, physical fitness, cognitive skills and personal qualities.

PE kit consists of a white t-shirt or school polo shirt with dark bottoms and trainers. Plimsoles can be worn indoors only.

If pupils cannot physically take part due to injury, they should still bring PE kit with a note explaining, and will be included in the lesson.

NO jewellery should be worn at PE. All watches, necklaces, bracelets, earrings etc should be removed. If newly pierced earrings cannot be taken out then they MUST be taped.
