St Mungo's Cluster Primary PE Programme

As day to day procedures will differ between each primary school, the specific arrangements for each of the points below will be agreed with the Head Teacher, primary staff and PE staff to ensure consistency for each and every class.

Changing into PE kit

As pupils are entitled to two hours of Physical Education per week, in order to maximise activity time, where possible pupils should get changed out with the allocated PE time.

Additional Support Needs Information

At the beginning of each school session, class lists and ASN information will be shared with PE staff to ensure we are able to support all pupils as best we can in the PE environment. Any changes or specific strategies can be communicated throughout the year.

Collecting classes/ dismissing at the end of the day

It should be agreed whether it is the responsibility of the class teacher or PE teacher to welcome the first class at the beginning of the day or dismiss the last class at the end of the day. Should PE staff be responsible for this, staff will follow the specific routines for the school.

PE Kit and Jewellery

The PE kit and jewellery policy will be shared with each class, staff and parents to ensure consistency. PE staff will monitor pupil kit and where any issues occur, staff will communicate with the class teacher or with home if applicable.
